KEY STATISTICS

- **Number of Parishioners in St. Anthony: 624**
- **Heads of Household registered to vote in New Bedford: 339 (45% of all parishioners)**
- **Heads of Household registered to vote in Bristol County: 428**
- **All Household Members registered to vote in New Bedford: 420**
- **All Household Members registered to vote in Bristol County: 628**
- **Voter Turnout¹ in September 2010 – 28% (city-wide turnout 13%)**
- **Voter Turnout in November 2010 – 62% (city-wide turnout 37%)**

SUMMARY OF WORK

St. Anthony has been an active participant in the Portuguese American Citizenship Project since 2003.

For the 2010 elections, no postcards in Portuguese and English were sent to every registered parish voter reminding them of the date, polling hours, and location of the assigned polling station for the election.

RESULTS

¹ Voter turnout is the number of citizens voting in an election divided by the total number of citizens registered to vote

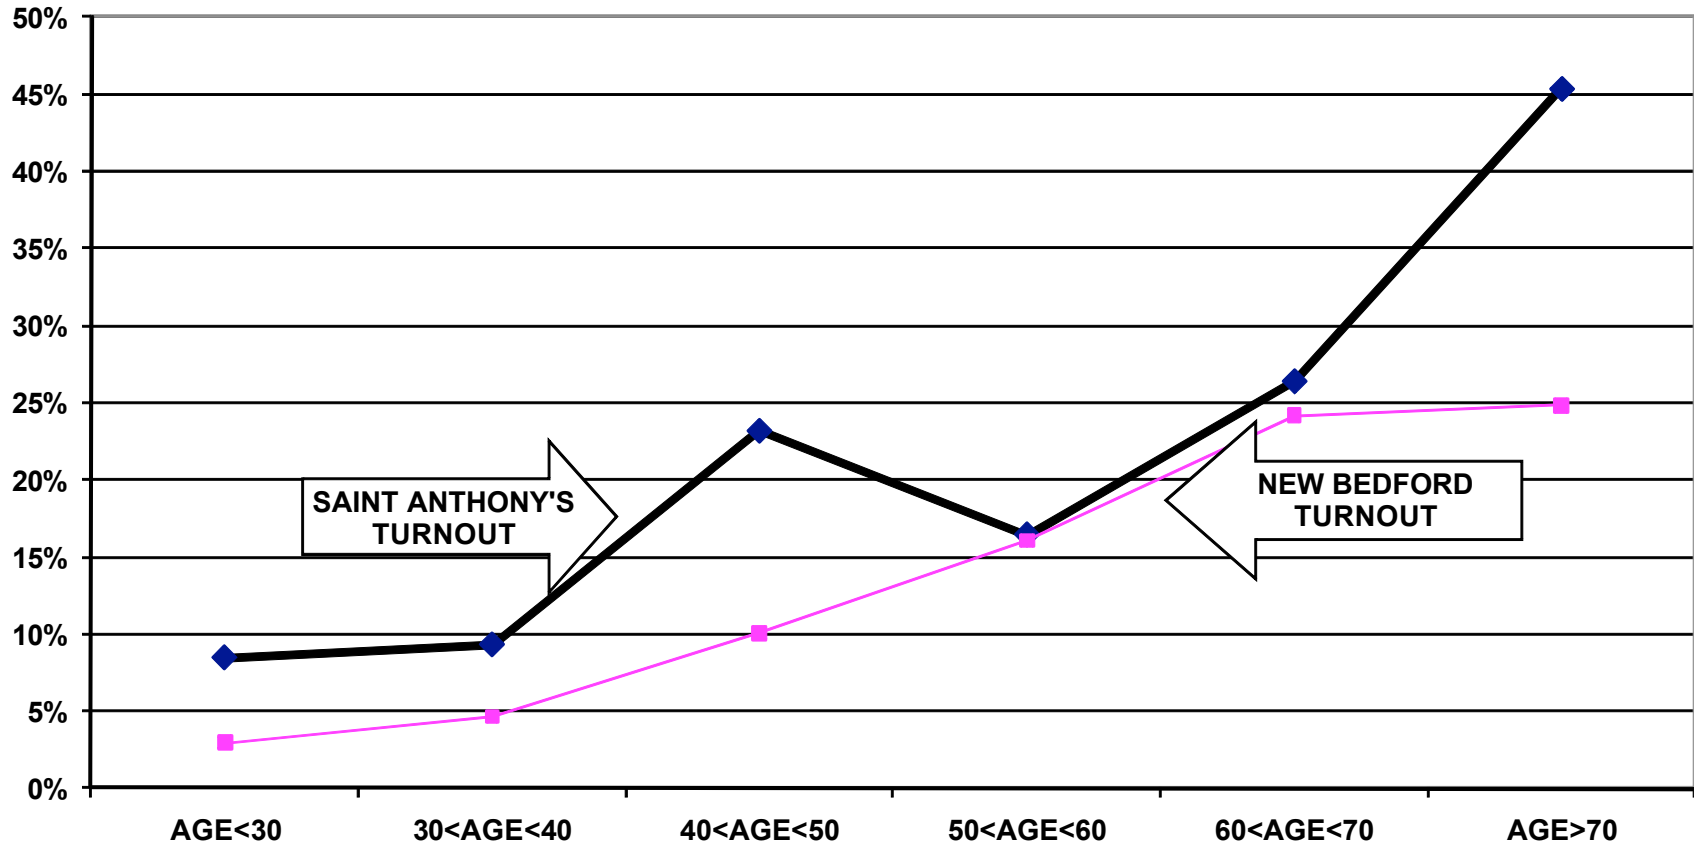

The St. Anthony heads of household voter turnout for the September and November 2010 elections was consistently higher than citywide turnout. Heads of household turnout for the September State Primary Elections was 28%, as compared to the city turnout of 13%. Heads of household turnout for the November General Elections was 62%, as compared to the city turnout of 37%.

Voter turnout is not uniform across age groups. Voters under 30 years of age and even those between 30 and 40 years old had lower turnout rates than the older voters. This is true for the registered voters in the parish and true for the registered voters in the community at large.

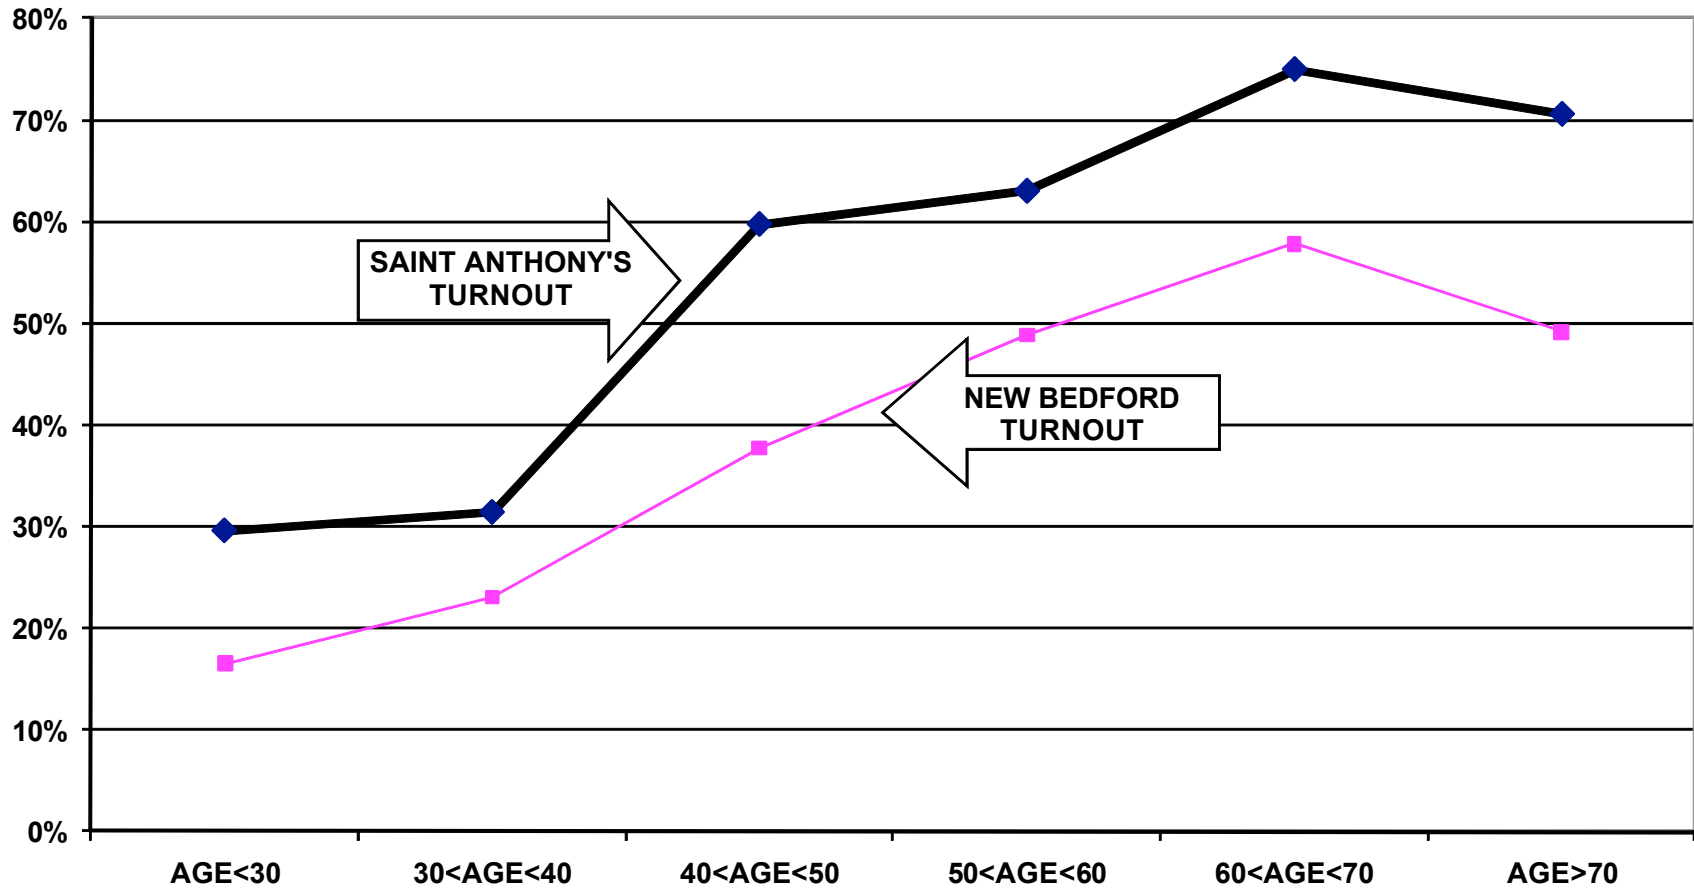

For example, for the September elections, the under 30 year old associated parishioners had an 8% turnout rate compared to a 26% turnout rate for voters between 60 and 70 years old. For the November elections, voters under 30 years old associated with the parish had a 30% turnout rate while voters between 60 and 70 years old had a 75% turnout rate.

The following graphs for the September and November 2010 elections, illustrate the relationship between turnout rates and age. These graphs are for all voters associated with the parish, not just the heads of household.

TURNOUT BY AGE SEPTEMBER 2010 SAINT ANTHONY'S PARISH ALL HOUSEHOLD MEMBERS

TURNOUT BY AGE NOVEMBER 2010 SAINT ANTHONY'S PARISH ALL HOUSEHOLD MEMBERS

RECOMMENDATIONS

- The parish must determine if and how it will provide funding for the costs of participation in the Citizenship Project. After 10 years of full financial support for the Project, the Luso American Foundation significantly reduced its funding in 2009. In 2011, the Project will continue to provide data processing and assist in the preparation of voter cards.
- If the parish cannot provide the financial support for this mailing and/or cannot accomplish the logistics of printing and mailing the voter cards, interested members of the community should examine the accomplishments of the past ten years and determine how to build on these achievements using alternative methods of promoting civic participation.
